6. **Correspondence from local resident - for decision**
The Clerk has received the following correspondence:
The new signage at the old Cooperative shop looks horrid and so out of place in the historic market town conservation area of Garstang. During the day if not illuminated it looks bad enough but when lit it dominates the High Street as hopefully the attached photos show. The light is a very bright white as opposed to the subdued lighting along the rest of the street The shop closed at 9pm last night and the signs were still illuminated at 11pm. They were off at some time overnight but were on again before 7am.
The resident has notified the planning officer at Wyre Council.
Does the Town Council wish to respond to the concerns and make comment to Wyre Council?
